COUNTY OF LUBBOCK

WHEREAS, CRAIGMONT BUILDING CO., a duly incorporated Texas corporation, hereinafter referred to as "Developer", is the record owner of all of the lots, tracts and parcels of land shown upon that certain map or plat of a subdivision known and designated as LAKE RANSOM CANYON ADDITION to the COUNTY OF LUBBOCK, TEXAS, according to the map and plat thereof, filed for record in the office of the County Clerk of Lubbock County, Texas on the 2<sup>nd</sup> day of September, 1965; and recorded in Volume 1051, Page 631 through 637 of the Deed Records of Lubbock County, Texas, to which map and plat and the record thereof reference is here made for all pertinent purposes;

NOW THEREFORE, CRAIGMONT BUILDING CO. does hereby dedicate said property in accordance with the dedication appearing upon said map and plat and agrees that the land shown to be subdivided into numbered lots and designated tracts according to the covenants, conditions, stipulations and restrictions, as hereinafter set forth.

For the purpose of creating and carrying out a uniform plan for the improvement and sale of said property and said subdivision as a restricted subdivision, the following restrictions upon the use of said property are hereby established and adopted, and shall be made a part by appropriate reference to this instrument, of each and every contract, deed and lease by Developer covering the numbered lots set forth on said map, and same shall be considered a part of each contract, deed and lease, as though fully incorporated therein, whether referred to or not in said instruments. The restrictions hereinafter set forth, except as herein otherwise provided, shall be and are hereby imposed upon each numbered lot in said subdivision, as shown by said map and plat and as referred to herein, and same shall constitute covenants running with the land and shall be binding upon and shall inure to the benefit of the Developer, its successors and assigns, and all subsequent purchasers of said property, their heirs, executors, administrators, successors and assigns, and each such party, by virtue of accepting a contract, deed or lease covering said property, shall be subject to and bound by such restrictions, covenants and conditions as hereinafter set forth.

1. **Reservations.** There is hereby reserved unto Developer, its successors and assigns, the exclusive right and easement into the streets shown on the recorded plat of the said subdivision, and into the area on the said plat designated as "easement", to lay, construct, maintain, operate and remove utility lines (including, but without limitation thereto, water lines, sewer lines, gas lines, telephone lines and electric lines), and further, there is reserved the exclusive right and easement to grant franchises and

easements to utility owners to lay, construct, maintain, operate and remove utility lines in said streets and areas designated as easements on said plat.

The property owners association hereinafter referred to as "RANSOM CANYON PROPERTY OWNERS ASSOCIATION" shall have the right, but not the obligation, to maintain reserves and easements in the same manner as other recreational areas in the subdivision or any other portion of LAKE RANSOM CANYON ADDITION now or hereafter platted.

**2. Land Use and Building Type.** None of the numbered lots set forth on said map or plat or improvements erected thereon shall be used for anything other than private single family residential purposes and no part thereof shall be used for business or commercial purposes of any nature whatsoever. All residences and other buildings must be kept in good repair, and must be painted when necessary to preserve the attractiveness thereof. All residences and other buildings must be new buildings and must be constructed from new materials, provided, however, that used brick may be used in construction of a new residence. **No round poles or beams, or any semblance thereof may be used in the construction of residences or other buildings.**

**3. Temporary Structures.** No tent, lean-to, house trailer, or other temporary portable building, shack of any character shall be constructed or placed on any of the said lots. No structure, other than a single family residence, and other than a new structure constructed from new materials designed and constructed for use by a single family, garages and other structures as may be suitable and proper for the use and occupancy of said residences as a single family dwelling, shall be constructed on any lot, nor shall any residences constructed thereon be converted or thereafter used as a duplex, apartment house or any form of multiple family dwelling nor shall any residences on separate lots be advertised for use or used as a hotel, tourist cottage or cottages or as places of abode for transient persons, nor shall any structure or building erected thereon or any part thereof be used as a dwelling pending the completion of the main dwelling house to be constructed thereon.

**4. Building Lines and Setbacks.** All residence buildings shall face upon the street adjacent thereto, and building on a corner lot shall face the street adjacent to the end of the lot with the shortest length. No building shall be located on its respective lot so that the distance from the side of the building to its respective side lot line is less than five (5) feet, nor shall it be so located that the sum of distances from both sides to their respective lot lines is less than fifteen (15) feet. No building shall be located on its respective lot nearer than thirty-five (35) feet to the front curb of the street nor nearer than five (5) feet to the rear lot line. For the purpose of this covenant, caves, steps and open porches shall not be considered as a part of a building, provided, however, that this shall not be construed to permit any portion of a building on a lot to encroach upon another lot. No fence, wall, hedge or shrub shall be erected, placed, or altered on any lot more than six

(6) feet in height, nor nearer the front of any lot than the point at which an extension of the front of the building intersects with each respective side lot line, except that decorative fences and vegetation not more than eighteen (18) inches in height may be erected forward of said point; and in no event shall there be any fence or wall erected, placed or altered to obstruct the view of any part of the front side of the building from the street that building faces. Retaining walls, where necessary, to preserve the natural topography will be permissible. The restrictive covenants in this paragraph may be altered or modified or exceptions granted thereto by the Architectural Control Committee, hereinafter established, when in its judgment the topography requires alteration of the requirements of the building, provided, however that the general scheme of the residential planning is not disturbed. However, nothing herein shall be construed to prohibit an owner of one lot and a contiguous part of an adjoining lot or two or more contiguous lots from constructing a home site dwelling located centrally on his lots. In such a case, the block of owned contiguous lots and portions thereof shall be considered as one lot for the purposes of the restrictive covenants in this paragraph. No lot shall be divided into smaller tracts to result in increasing the number of building lots, except that Lot Twenty-one (21), in Block Five (5) may be subdivided into no more than three (3) lots.

**5. Easements.** Easements for installation and maintenance of private access roads, utilities and drainage facilities as reflected by said map or plat will be and are hereby reserved to CRAIGMONT BUILDING CO., INC.

No derrick or like structure designed for use or capable of use in exploring for oil, gas or other minerals shall be erected, maintained or permitted upon any tract.

**8. Garbage and Sewage Disposal.** No lot shall be used or maintained as a dumping ground for rubbish. Trash, garbage and other waste materials shall be kept only in sanitary containers and all sanitary containers and incinerators shall be kept in a clean and sanitary condition. No sewage will be drained into any ditch, canal, bay or other public water course or lake. The digging of dirt or the removal of any dirt or sand from any lot is expressly prohibited, except when necessary in conjunction with the landscaping of such lot, or in conjunction with construction being done on such lot, but no fill material which will change the grade of the lot shall be placed thereon without approval in writing of the Architectural Control Committee. **The owners or occupants of all lots in the subdivision shall at all times keep all weeds and grass thereon and on adjacent easements cut in a sanitary, healthful and attractive manner and shall in no event permit**

the accumulation of garbage, trash or rubbish of any kind thereon. In the event of default on the part of the owner or occupant of any lot in this subdivision in observing the above requirements, or any of them, either Developer or Ransom Canyon Property Owners Association may, without liability to the owner or occupant, in trespass or otherwise, enter upon said lot or easement, cut or cause to be cut, such weeds and grass, remove or cause to be removed such garbage, trash, rubbish and other materials so as to place said lot in a neat, attractive, healthful and sanitary condition, and **may bill either the owner or the occupant, as the case may be; and the owner or occupant agrees** by the purchase or occupation of any lot in the subdivision to **pay the cost of any such work immediately** upon receipt of a statement or invoice covering same. Septic tanks and private water wells may not be constructed or used after such time as water and sewage services are available to the home site by Yellowhouse Water Control and Improvement District, at its standard rates.

**9. Architectural Control.** No building or any type structure shall be erected, placed or altered in any lot until the construction plans and specifications and plot plans showing the location of the structure has been approved by the Architectural Control Committee, herein established, as to the quality of workmanship, materials, harmony of external design with existing structures and as to the location with respect to topography and finished grade elevation. The Architectural Control Committee shall consist of three (3) persons to be designated by Developer who will serve for a period of ten (10) years.

The initial Architectural Control Committee is composed of Jack W. Gibson, Walter M. Mischer, and Fred E. West. A majority of the Committee may designate a representative to act for it. In the event of the death or resignation of any member of the Committee, the remaining members shall have full authority to designate a successor. Neither the members of the Committee, nor its designated representative, shall be entitled to any compensation for services performed pursuant to this covenant. After ten (10) years from the date of this instrument, the then record owners of a majority of the lots shall have the power, through a duly recorded written instrument to change the membership of the Committee or to withdraw the subdivision from the Committee or restore to it any of its powers and duties. Each owner shall have one vote per lot owned.

The Committee's approval or disapproval as required in these covenants shall be in writing. In the event the Committee, or its designated representatives, fails to approve or disapprove within thirty (30) days after plans and specifications have been submitted to it, or in that event, if no suit to enjoin the construction has been commenced prior to the completion thereof, approval will not be required and full compliance with the related covenants shall be deemed to be satisfactory. The residence or building, however, must be constructed in compliance with all of the other restrictive covenants herein stipulated.

The Committee's decision in such approval or disapproval is final and its criterion for such decision includes, but is not limited to the above mentioned factors. In cases of disapproval, the Committee will state its

However, the charge, levy and lien is hereby subordinated to any and all mortgages made by any lot owner for the permanent financing of homes or remodeling thereof. The maintenance charge hereby imposed shall be in effect for the duration of the restrictions, covenants and conditions imposed by this instrument and such duration shall be governed by the provisions contained herein for the extension or renewal or continuance thereof.

**16. Responsibility for Breach.** The terms and provisions hereof shall be binding upon Developer, its successors and assigns, and all persons claiming by, through or under Developer, and all subsequent purchasers or owners of property in said subdivision, each of whom shall be obligated and bound to observe the same, provided, however, that no such person shall be liable, except in respect to breaches committed during his or their ownership of said property.

**17. Waiver.** The waiver of invalidation of any one or more of these restrictions, covenants or conditions by judgment, court order or otherwise, shall in nowise constitute a waiver of or invalidate any other restriction, covenant or condition, but all such other restrictions, covenants and conditions shall continue to remain in full force and effect.

**18. Applicability.** This instrument of dedication and the restrictions and covenants herein contained relate to and affect the numbered lots designated on the subdivision map and plat herein referred to and described and, except as otherwise herein specifically provided, and except for the provisions of Paragraphs 1, 14 and 15 hereof relating to the use and ownership of same and the imposition of maintenance charge with respect to same, which paragraphs are hereby specifically made applicable thereto, shall not affect any areas described therein as "Reserve".
